President's Report

Our 101st year of Valley Senior Living has been quietly successful. We had a modest year of financial performance because this was a “rebasing” year for skilled nursing and basic care. In a rebasing year, organizations will typically spend a little more as the next few years of revenues will be based on the expenses of the rebasing year plus an inflator. Temporary lower financial performance is the trade-off for better financial performance in future years.

This year was more stable on the federal front after the unreasonable CMS staffing mandate was repealed in February. Meanwhile, our national advocacy group continues to push for Medicare Advantage reform, staffing stabilization support, and a less punitive regulatory environment.

North Dakota continues to support its most vulnerable residents. Although this was not a legislative assembly year, decisions made by the legislature strengthened our ability to care for long term care residents. North Dakota has the third-highest ratio of CNA staff and the sixth-highest ratio of nursing staff overall per resident. That support translates into North Dakota ranking third nationwide in CMS's 5-star staffing rating, averaging 4.2 stars per facility. This system compares direct care staffing, RN staffing, weekend staffing, and for staffing turnover. Both Valley Senior Living on Columbia and Woodside Village continue to greatly exceed the 5-star threshold in this staffing measure, performing in the top five percent of nursing homes nationwide.

With each year that goes by, we are preparing for the future investment required to replace our older facilities while continuing to invest in all our care communities. This year we invested \$5 million in capital improvements - primarily interior finishes and furnishings across our three locations. We are doing this while not taking on any additional indebtedness since 2017. Our long-term debt has decreased to \$30 million with final maturities in 2034 and 2036. In the meantime, we have \$8.5 million set aside for future capital projects and \$8.8 million in other long-term investments.

In the next fiscal year, we will take additional steps forward towards new development by acquiring the remainder of the land by Sertoma Park, performing a market study to better understand the needs of our region, and working with the North Dakota Legislature to change the system for the property rate for new nursing homes.

Thank you to our member congregations for your support. We strongly believe that this non-profit governance model led by local Lutheran churches leads to better outcomes for our residents. Our 880 staff provide compassionate Christian care for our 530 residents each day across our three communities.

One of our most impressive outcomes is that we can celebrate our 24th year of not having a single shift of nurse or CNA worked by a staffing agency at Valley!

Finally, thank you to the Executive Committee and the entire leadership team for your dedication to the residents of Valley Senior Living. Your passion for our mission, your steady guidance, and your commitment to compassionate Christian care continue to make Valley Senior Living home for the residents we serve.

A handwritten signature in white ink that reads "Garth Rydland". The signature is fluid and cursive, written on a dark green background.

Garth Rydland
President/CEO

Caring for Today, Preparing for Tomorrow

As I reflect on my nine years serving on the Valley Senior Living Board of Directors, I am filled with gratitude. Serving as Board Chairman has been a privilege. I have had the opportunity to see Valley through challenging moments, proud accomplishments, and important decisions about its future. Through my time serving on the Board of Directors, one thing has remained constant and evident and that is how Valley is deeply rooted in this community.

Together, we have experienced moments that none of us could have anticipated. As a board we did our absolute best to guide Valley through the challenges of the COVID-19 pandemic. Those years tested all of us, but they also showed us the commitment and compassion that exist throughout Valley.

We have also been fortunate to have the opportunity to celebrate some remarkable milestones. In 2024 Valley celebrated 100 years of caring for the people of this community. A century of service is an accomplishment worth celebrating and served as a wonderful time to pause and reflect on the generations of residents, families, employees, congregations, volunteers, and community members who have shaped Valley along the way. This time of celebration was a reminder that while much has changed over 100 years, Valley's commitment to caring for people has remained.

Another milestone in 2024 was accomplished when Valley took an important step toward its future with the purchase of six acres of land near Sertoma Park. This milestone and investment is more than parcel of property. It represents a responsibility as a Board of Directors to think beyond today and consider how Valley can continue meeting the needs of this community for generations to come.

In conjunction with planning for the possibility of a new campus and replacement care community, we have also continued to invest in the Valley communities we know and love today. The facilities have seen significant improvements, while we have worked to maintain the financial strength and stability necessary to prepare for the future. This balance, caring for Valley today while planning responsibly for tomorrow, has been an important part of our work.

One of the things I value most about Valley is its strong connections, both to our local Lutheran congregations and to the people who make Valley what it is. The congregations' involvement in our governance is an important part of Valley's history and a unique connection to this community to this day. Valley is about caring for people. It's about the residents we serve, the employees who care for them, the families who walk alongside us in both joy filled and sorrowful moments, the volunteers, donors, and community members and businesses who support our work and our mission. I am confident these connections will continue to shape our future.

I am grateful to the members of the Board with whom I have had the privilege to serve, to our leadership team for their steady guidance, and to the more than 850 employees who bring Valley's mission to life every day. My hope is that Valley will continue to be a place where people are cared for, relationships matter, and compassionate service remains at the heart of all you do for generations to come.

Thank you for allowing me to serve.

Margaret M Reed

Financial Overview

2025-2026 FISCAL YEAR HIGHLIGHTS

Valley Senior Living and its subsidiaries, including Valley Homes and Services, 4000 Valley Square, and Valley Senior Living Foundation, continued to demonstrate financial stability during fiscal year 2025-2026.

As of June 30, 2026, the organization reported net assets of \$40.1 million, reflecting a strong financial position. Cash and short-term investments totaled \$12.7 million, complemented by \$8.5 million in funded depreciation, \$8.8 million in investments, and \$5.7 million in funds held by bond trustee accounts.

Operating liquidity remained solid, with approximately 71 days cash on hand, increasing to 183 days cash on hand when investments and restricted funds are included. During the year, \$1.0 million was transferred from Valley Homes and Services to the parent corporation, further supporting organizational financial strength.

For the fiscal year ending June 30, 2026, Valley reported an increase in net assets of \$2.6 million, resulting in a 3.9% operating margin.

Investing in Future Growth

Valley continues to plan strategically for the future of senior living in Grand Forks. In July 2024, Valley Homes and Services purchased six acres of land near Sertoma Park for \$1.84 million to support future development opportunities. Valley Senior Living Foundation contributed \$662,387 in board-designated funds toward the purchase.

Valley also entered into an agreement with Altru to purchase an additional 16.96 acres of adjoining property. The Foundation Board approved a contribution of \$730,000 toward the anticipated purchase, with the remaining balance expected to be financed through borrowing secured by investments.

These investments reflect Valley's commitment to thoughtful, long-term planning that positions the

organization to meet the evolving needs of future generations.

Funded Depreciation and Investments

In October 2025 the organization transferred operating cash and CDs to new agency investments funds which resulted in higher investment income. Valley Senior Living's agency fund of \$6.2 million is intended for long term investment. Both Valley Homes and Services (\$5.2 million) and 4000 Valley Square (\$3.3 million) agency funds are designated as funded depreciation for future capital purchases.

Employee Retention Credit

Valley filed for ERC credits in 2023 relating to the first three quarters of 2021. Valley has received payments for Quarter 1 and Quarter 3 totaling \$10,064,599. During the fiscal year \$413,570 additional ERC revenue was recorded. The remaining quarter is reflected as a receivable on the Consolidated Balance Sheet totaling \$4.98 million and is currently under review by the IRS.

Other Operational Highlights: Occupancy, Staffing, and Capital Improvements

Consolidated occupancy for the year was 95%, which was the same as the prior year. See the following chart for the communities' occupancy rates. Tufte Manor's occupancy was 90% up from 86% the prior year and Wheatland Terrace's was 94% compared to 95% the prior year.

Total salary and benefit expenses increased 7% compared to 5% the prior year. A fiscal year end retention bonus of \$730,000 was accrued in June 2026 to all current staff. It remains a high priority for Valley Senior Living to continue to recruit and retain quality staff.

Both Woodside Village and Tufte Manor completed renovation projects in the 2025-2026 fiscal year. Woodside Village's resident room remodel totaled \$3.3 million and Tufte Manor's common space renovation totaled \$390,000.

Outlook for 2026-2027

The 2026-2027 budget is projecting a profit margin of 3.4%. The budget assumes consolidated occupancy at 95.8%, an 8% increase in revenues and a 5.6% increase in expenses. The nursing homes' January 2027 rates will increase based on fiscal year June 2026 expenses. Expenses were strategically higher in the 2025-2026 fiscal year as 2027 is a rebasing year for rate setting. Capital budget for the next fiscal year is approximately \$2.7 million.

The organization is moving forward with strategic plan initiatives and planning for the future long term care needs of our community. A firm has been engaged to conduct a market study for the greater Grand Forks future long term care needs in the various levels of care from independent to skilled nursing.

Investing in Valley

IMPROVEMENTS TODAY. PLANNING FOR TOMORROW.

Over the past year Valley has invested in places where residents live, where employees work, and where care is received. From refreshed resident spaces at Woodside Village to interior improvements at Tufte Manor – Valley also took important steps toward future growth. These projects collectively reflect Valley's commitment to maintaining strong communities today while planning responsibly for the future.

Woodside Village | Resident Room Remodels

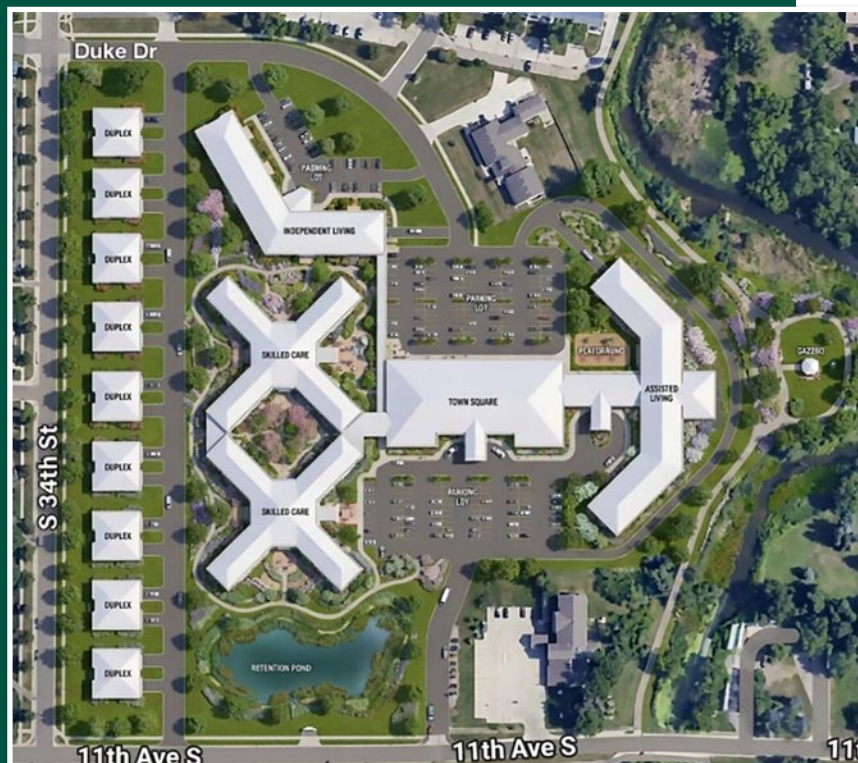

The room remodel project at Woodside Village concluded this year with 118 rooms receiving updated lighting, new flooring, and fresh paint. One hundred thirty-eight rooms received new window coverings. This project delivered meaningful updates that reflect Valley's commitment to creating welcoming spaces for residents to call home.

Tufte Manor | Interior Improvements

Tufte Manor welcomed interior improvements supported in part by grant funds from the Myra Foundation and the Valley Senior Living Foundation. Over the past year a series of enhancements including new flooring, updated wallcovering and refreshed handrails have brightened common areas and hallways while creating an inviting environment for everyone who lives, visits, and works at Tufte Manor.

Planning for Valley's Future

Valley continues to take strategic steps to ensure we are prepared to meet the senior living needs of our community for generations to come. Throughout the past year, Valley advanced the planning process for property purchased in 2024 across from Sertoma Park, as well as an adjacent 17-acre parcel Valley hopes to acquire from Altru. As part of the planning and preparation process Valley presented the proposed master plan to both the Grand Forks Planning and Zoning commission and the Grand Forks City Council. All motions related to the replatting of the six acres currently owned by Valley and the additional 17 acres under consideration were approved. These approvals represent a milestone in Valley's long term vision for senior living and care in our community. It will be several years before the site is developed.

Glowing with Gratitude, Growing with Purpose

Valley Senior Living has earned a special place in the Grand Forks community. That recognition has been built over generations through compassionate care, trusted relationships, and the commitment of employees who give their very best to those we serve. As Director of Development for the Valley Senior Living Foundation, I have the privilege of seeing another important part of that story every day - the generosity of the people who believe in Valley and choose to invest in its future.

To our donors, residents and families, employees, and community partners: thank you. Your generosity is more than financial support. It is an expression of confidence in Valley's mission and a belief that the lives of residents can, and should, be enriched in meaningful ways.

One of the things that makes Valley Senior Living distinctive is the Foundation's four pillars. These pillars represent areas of life enrichment that go beyond the traditional expectations of long-term care:

Chaplaincy Ministry provides spiritual care, worship, prayer, Bible study, personal visits, and support during some of life's most meaningful and challenging moments.

Intergenerational Programming creates opportunities for residents to build relationships with young people, bringing generations together to learn, share, laugh, and grow.

Music Therapy uses music to promote connection, expression, memory, communication, and quality of life for residents of all abilities.

Community Connections helps residents remain connected to the people, places, and experiences that make their communities feel like home.

These pillars differentiate Valley Senior Living from most organizations. Valley invests in the whole person: mind, body, spirit, relationships, and community. The Foundation has goals to build the resources necessary to further endow and sustain these Pillars.

As we look ahead, the Foundation is excited to play a role in Valley Senior Living's future development. The Foundation has contributed toward the purchases of property near Sertoma Park as the organization prepares for the possibility of a new care community in the future. It is gratifying to see Foundation resources that have been invested for future development put to work for this opportunity. This represents more than the purchase of property, it is an investment in Valley's ability to respond to the needs of our region and to serve future generations.

Looking forward, the Foundation will continue to grow not simply by asking for support, but by building stronger relationships. We will place greater emphasis on donor stewardship, keeping donors connected to the impact of their generosity and developing relationships with new prospects. The Foundation exists to turn our donors' compassion into action. Whether supporting today's needs or giving later through planned gifts and endowments, every contribution helps secure a brighter tomorrow.

Together, we are building on the past, enhancing the present, and preparing for the future.

Thank you for helping Valley glow with the strength of its people and grow with purpose toward its future.

Year of Giving

GIVING OVER THE PAST YEAR

We are grateful to the individuals and businesses who supported the Valley Senior Living Foundation with gifts of \$1,000 or more between July 1, 2025, and June 30, 2026.

Your generosity strengthens Valley's mission and helps provide meaningful programs, services and opportunities for the residents and families we serve. Each gift represents an investment in Valley and in the people who call our communities home.

Thank you for your generosity, your partnership and your continued belief in Valley's mission.

Lifetime Generosity

Generosity has been part of Valley's story for generations. The Valley Senior Living Foundation is honored to recognize the individuals whose lifelong support has helped strengthen Valley and advance our mission of compassionate Christian care.

Each individual recognized on this page has contributed \$10,000 or more over a lifetime in support of Valley. Their generosity has helped provide opportunities, programs, resources, and support that enhance the lives of those we serve and help Valley continue moving forward.

We are grateful for the lasting impact of these gifts and for the trust our donors place in Valley. The contributions listed reflect cumulative giving through June 30, 2026.
